

CURRICULUM VITAE

1. Personal Information

- Name: Assistant professor Dr. Naglaa Mustafa M. AL-Abide
- Gender: Assistant professor
- Date & place birth: 1982 , Iraq - Basra
- Gender :Female .
- Nationality: Iraq .
- General specialization : Biology - Plant
- specific specialization: Plant – Taxonomy & anatomy plant .
- Mobile : 07701809026
- E-mail: example : naglaa.mustafa@tu.edu.iq.
- Language (spoken) Arabic
- Language writing: Arabic &English (good).
- Researcher ID:

2. Academic & professional information.

Establishment : Tikrit University- College of *Education for Pure Sciences*-
Biology department - Iraq.

3.Academic qualifications (Certificates)

Qualification	Major	Institution	Country	Grade	Date obtained
Ph. D. in biological	Biology -systematic & anatomical plant	Tikrit University	Iraq	Very good	19/5/2013
M. Sc.	Biology- plant	Tikrit University	Iraq	Very good	23/3/2008
B. Sc. In Biology	Biology	Tikrit University	Iraq	Very good	1/7/2004

4.Academic rank

Rank	Date obtained
professor	-----
Assistant prof.	18/4/2016
Lecture	13/6/2013
Assistant lecture	30/3/2008

5. Experience teaching

Undergraduate	graduate
Anatomy	Advance plant
Taxonomy	Advance Taxonomy
Physiology plant	Advance plant ecology
-----	Advance palynology

6. Publications

Published researches / Article	Journal book	Published Date
A MORPHOLOGICAL COMPARATIVE STUDY OF SOME SPECIES OF THE BRASSICACEAE IN THE GOVERNORATE OF ERBIL-IRAQ	<i>Plant Archives</i>	2019
AMorphological comparative study for the Species of Caryophyllaceae in Middle and north of Iraq	Indian Journal of public Health Research & Development	2019
Comparative Anatomical Study of Two Species of the Genus <i>Cornulaca</i> Delile. (Chenopodiaceae) in middle of Iraq	Journal Tikrit Univ. For Agri. sciences	2018
Comparative Anatomical Study of Some Species of Genus <i>Salsola</i> L. (Chenopodiaceae) in Iraq	Diyala Journal for pure sciences	2018
<i>Oenothera speciosa</i> Nutt. (Onagraceae): A New Record for the Flora of Iraq with Reference to its	International Journal of Current Research in Biosciences and Plant	2016

Published researches / Article	Journal book	Published Date
Faunal Associations and Insect Trapping Attributes	Biology	
Taxonomic morphological and anatomical study of fruits and seeds for different species of the family Brassicaceae in Iraq.	Kirkuk University Journal /Scientific Studies	2016
Taxonomic Significance of Anatomical Characters of Different Species From Family Brassicaceae in Iraq	Journal Tikrit Univ. For Agricu. sciences	2016
Biosystematic study Variety <i>Beta vulgaris</i> var. <i>saccharifera</i> from Chenopodiaceae of Salah Alden mid Iraq.	Tikrit Journal for pure sciences	2015
Indumentum studies and types of crystals in some species of the genera from the tribe Brassiceae for the family Cruciferae in Iraq	Tikrit Journal for pure sciences	2012
Comparative anatomical study of some C ₃ and C ₄ species of the chenopodiaceae family from middle and northern Iraq	7 th Scientific Conference College of <i>Education</i>	2012
Chemical Study on alkaloids and flavonoids of some C ₃ and C ₄ species of Chenopodiaceae family in Iraq	Tikrit Journal for pure sciences	2012
Morphological and Anatomical study of <i>Fumaria officinalis</i> L. species (Fumariaceae) of Salah AL-din - Iraq.	Journal Tikrit Univ. For Agricu. Sciences .vol18.	2.18

Note : the red color means that the article is in scopus database .

7. Academic Conference Attended

Conference Title	Nature of presence	Conference Date	Conference Place
The 7th Scientific Conference College of Education	member	05-06/ 06/2012	Tikrit University - College of Education/ Iraq
Second Scientific Conference of the College of sciences	Researcher	24-25 /09/2012	Tikrit University - College of sciences/ Iraq
8th International Scientific Conference of the College of Education for Pure Sciences	Researcher	04-05 /02/2014	Tikrit University - College of Education/ Iraq
The 7th International Scientific Conference for Agricultural Research	Researcher	10-11 /4/2018	Tikrit University - College of Agricultural / Iraq
The 3RD International Conference on biology	Researcher	5-6/12/2018	Al-kufa University, College of Education for girls/ Iraq
At the 2th International Scientific Conference (ISC2019)	Researcher	24-25/4/2019	Al-Qadisiyah University, Diwaniyah / Iraq

8. scientific journals membership

Journal	Contribution	country
Tikrit Journal for pure sciences	<i>Member of editorial boards scientific</i>	Iraq

ندوة 9.Symposia

Symposium Title	Nature of presence	Symposium Date	Held place
Metastasis the real cause of cancer death and cancer risk factor	attender	27/3/2018	College of Education for pure sciences
Rhizosphere- Hidden half	attender	16/1/2019	College of Education for pure sciences
Quantity and quality of food waste discharged from some neighborhoods of Tikrit and the possibility of reuse	attender	19/12/2018	College of Education for pure sciences.

10. Training Courses

course	Major	Date obtained	Held place
How to publish research in high impact journals(Scopus&ISI)	impact journals (Scopus & ISI)	22-23/1/2019	Tikrit University - continuous education
A guide to writing high quality global research((Scopus& ISI)	(Scopus & ISI)	4/12/2018	Tikrit University- College of Education for pure sciences
Principles of primer and probes design and sequence data analysis	genetics	19-22/2/2018	Department of biology

11.Importance links
